

A Little Bit Slow

© 2009 Will Stanley

I heard you say I'm not a genius
I'm sure I wouldn't disagree
But that don't mean my brain's the size of a pea

My intellect may not be the keenest
Is that the only thing you're looking for
Or do you want a guy with something more.

Cuz I'm persistent, not pushy
Sweet, not saccharine
Sentimental, not mushy
A little bit slow, not dumb.

I get done what needs to be done
And I don't complain too much
I don't use drugs or booze as a crutch

I know how to really have fun
Without making a scene
I like to take my clothes off, know what I mean.

I'm quite tactile, not touchy-feely
Oblivious, not numb
I partake, but not too freely
I'm a little bit slow, not dumb.

If what you're looking for is an all 'round guy
You can count on to be standing by your side
Then I'm the man for you despite my IQ
Who needs an Einstein, anywho. Do you?

I'm not too picky, just choosy
Bothered, not bummed
Oh so relaxed, but not loopy goopy
A little bit slow...

I'm persistent, not pushy
Sweet, not saccharine
Sentimental, not mushy
A little bit slow, not dumb.
Just a little bit slow. I'm just a little bit slow. (Repeat and fade)
