

Captain Santa Claus

© 2011 Will Stanley

It happens once a year, but it takes 12 months to prepare
With elves making dolls and trucks and cute Teddy Bears
Then they load 'em in the sleigh, and he takes off into the air.

He flies to Hawaii then he works his way round the globe
By the time he gets to Norway, he's in super efficiency mode
He knows every single gift, and exactly where it should go.

He's Captain Santa Claus
Yes Captain Santa Claus
He knows the FAA laws
Cuz he's Captain Santa Claus
The reindeer call him Boss
Cuz he's their Captain Santa Claus

There's no co-pilot, but Rudolph knows what to do
Just keep pushing on even with an exhausted crew
A little cookie and some milk but no real break till they're through.

He's Captain Santa Claus
Captain Santa Claus
He's bundled up against the frost
Cuz he's Captain Santa Claus
He never seems to get lost
Cuz he's Captain Santa Claus

When they hit the USA they know the end is in sight
Once again those reindeer have given him a fabulous flight
Lets out a Ho-ho-ho cuz he knows it all turned out right.

He's Captain Santa Claus
Yes Captain Santa Claus
He deserves a round of applause
Cuz he's Captain Santa Claus
He never takes a pause
Cuz he's Captain Santa Claus

He's Captain Santa Claus
The only Captain Santa Claus
Don't have many flaws
He's our Captain Santa Claus...(repeat and fade)
