Fifteen Minutes Of Fame

© 2017 Will Stanley

I don't mind the hard work
Or the people asking what it's worth
It makes me feel
I'm doing something worthwhile
When I write a song they like.....that makes me smile.
Cuz I hope to be
Someone you see on TV
Someone at the very top of the game
And I know my show
Will never be the same
When I get 15 minutes of fame

I've seen what success can do
It can turn your mood to green from blue
And that's what I want
People cheering at me
And everything I say and do...and sing off key.

Cuz I hope to be
Someone you see on TV
Someone at the very top of the game
And I know my show
Will never be the same
When I've had 15 minutes of fame

Bridge: Superficial it may be
But it's all I've ever wanted to achieve
Standing in front of a crowd of rabid fans
Watching them sing along and dance.
