

# I Love You Nude

© 2006 Will Stanley

I love it when you wear those summer dresses  
Skimpy outfits show your figure best  
But even more than plunging necklines  
Belly shirts and rising hemlines  
What I love to view, is you in the nude.

If there's one thing I just don't see enough  
It's you hanging out in the buff  
I absolutely love your clothing  
But how about some real showboating  
And since you're no prude, why not get nude

I know that you're afraid that every flaw is exposed  
But that's not how I see it, I love everything that shows

When you head off to work, you're looking great  
When we go out at night, you're one hot date  
I think you're a fantastic dresser  
But around the house I'd like it better  
If you'd help my mood, by being nude.

Inst.

You may think it's perverted, how I adore your skin  
But I love the whole darn package, including what it's holding in.

Let's you and I prepare our evening meal  
And I'll just pretend it's no big deal  
In actual fact, I wish you'd dare  
Walk around completely bare  
It's my eyes favorite junk food, just to see you nude  
And you might think that it's lewd, but I love you nude.  
I love you nude.
