

Let's Run Away

© 2004 Will Stanley

It's been hard to find time alone
Since your parents hate me in their home
I don't know why they think I'm bad
I'm sure I broke some rule, and made them mad
But there's one thing I've come to see
Is that we've got to break completely free
If we're going to make a life for you and me

And so my love, my bags are packed
And the car is waiting by the tracks
Come slowly down the ladder to me
There's only one thing matters to me
And that's to have you, right here by my side
Although we're feeling scared inside

Let's run away. Run away.

Even though things will be tough
Just a little will be quite enough
Cuz we'll have a love that's true
To help us and to see us through
I'll find work at a factory
You'll flip burgers at a Mickey D's
And between the two of us we'll make ends meet.

And so my love, my bags are packed
And the car is waiting by the tracks
Come slowly down the ladder to me
There's only one thing matters to me
And that's to have you, right here by my side
Although we're feeling scared inside

Let's run away, run away.

Your parents will forgive eventually
When they finally come to see
That this is truly love for eternity
Now it's time to make it a reality

Let's run away. run away. Let's run away. run away. run away.....
