

# New Day

© 2006 Will Stanley

When you woke up yesterday, you cried  
Cuz your blues skies had turned gray, after he lied  
And told you he'd been true  
While he played you for a fool  
And showed you that love can be cruel

So now you want to call it quits, on romance  
And avoid love's hypocrites, you'll lose the chance  
Of finding Mister Right  
And though it may sound trite  
The future could be sunny and bright

If you look up, give a shout  
It's a brand new day  
Don't look back on yesterday  
The world is filled with people who will show  
You that they care,  
And they're everywhere you go

The first time never is a charm, too bad  
And your feelings have been harmed, which makes you sad  
But it's a lesson in blind trust  
You see that patience is a must  
Learn as I have, that true love can't be rushed.

So now look up, see the sun,  
It's a brand new day  
Turn your back on yesterday  
Greet the dawn with a smiling face  
Become a happy girl  
You'll find the world is a loving place.

And if you find you can, finally give up on him  
And move away from all that heartache  
Look in front of you, and you'll see someone who's  
Been waiting here for his big break.

Now I look up, and see the sun  
It's a brand new day  
I don't look back on yesterday  
Here I am prepared to show  
You that I care,  
If you dare

To look up, and see me  
On this brand new day  
Please let me show you the way  
To greet the dawn with a smiling face  
You'll be my happy girl  
As you'll find the world is a loving place.
