

That's What Your Love Is Like

© 2009 Will Stanley

You make sure I get the best piece
Be it steak or apple pie
You give me a kiss on the cheek
Every time I tell you good bye

When I'm down, you make my world bright
You'll do anything you can think of
Cuz that's what your love is like
And that's why I like your love.

You're one in a million girls
From the billions around the world
There's no other can do what you do
There's only one you

There's no way we'll ever fight
When things get tense, you give me a hug
Cuz that's what your love is like
And that's why I like your love.

You're always in a good mood
You've got a positive attitude
I don't know why you treat me so nice
I guess I lead a charmed life.

You make me feel high as a kite
When you say, I'm your number one stud
Cuz that's what your love is like
And that's why I like your love.
