

# Wishful Thinkin'

© 2016 Will Stanley

Whenever I think about those who've put me down  
I assume someday they'll get what's comin'  
It may not be while I'm still above ground  
But eventually they'll be bummin'

But when the mood is through  
And I change my point of view  
I start to realize  
That I don't have a clue

Cuz I hope there's life after death  
And I hope I'll get to heaven  
And I pray there's something beyond breath  
But deep down inside I bet  
It's Wishful Thinkin'

I'm the kind of guy who loves girls a little too much  
I adore their voices and their gentle sway  
But now when I tell her, I have a little crush  
I'm almost hoping she'll say go away.

Cuz I know the drill  
What starts out as a thrill  
Makes me realize  
It's another joy I'll kill.

And I hope that life is more than sex  
And I hope there's more to heaven  
I pray there's more than one way to connect  
But deep down inside I bet  
It's Wishful Thinkin'

Bridge: I hope I'm wrong  
And when I'm gone  
There'll be lots  
Of action going on.

Instrumental verse

When life is a bore  
And it all becomes a chore  
I start to realize  
It's up to me to make it more.

And I hope that I can change the world  
And make this earth more like heaven  
And I pray I'm on the wavelength of my girl  
But deep down inside I'm sure  
It's Wishful Thinkin'
